

The new household name
in water tanks

SOUTH AFRICA'S MANUFACTURER OF PREMIUM MOULDED WATER TANKS

ABOUT US & OUR TANKS

Established in 2004, Eco Tanks has become a leading national manufacturer of standard size and custom rotationally moulded water tanks and other items. Utilising some of the most advanced plant and machinery systems available worldwide, our products are known for their quality and durability. With respect to product quality and quality systems, we have set the standard by being the first tank manufacturer to become certified under the South African National Standard (SANS 1731 - 2017) as well as achieving ISO 9001:2015 certification. Eco Tanks is also the first tank manufacturer to offer a 10-year full replacement guarantee on products. We use virgin raw materials in the production of our products; this along with our stringent manufacturing processes, management system and 10-year full replacement guarantee, offer peace of mind with every delivery to the South African market.

Product benefits:

- Available in water, chemical & chemical-heavy
- Virgin food-grade material
- Unrivalled, 10 year full replacement guarantee
- Standard and custom moulded tanks
- Strong and durable construction
- BPA-free
- UV-resistant
- Black lining inhibits algal growth

HORIZONTAL TANKS

UV RESISTANT

MADE FROM VIRGIN, FOOD-GRADE MATERIALS

BPA-FREE

CHEMICAL GRADE TANKS AVAILABLE

Horizontal tanks are traditionally used for transporting fluids, however they can also be used for water storage solutions where space or height is limiting. Made from virgin food-grade material, these tanks also carry our 10 year full replacement guarantee. Both water and chemical grade horizontal tanks are available.

HORIZONTAL TANKS SPEC SHEET

TANK	LENGTH	WIDTH	HEIGHT	LID
